Project Design Phase-I
Solution Architecture

Date	29 September 2022
Team Members	J. Esai Selvan P. Senthil Kumar I. Ahamed Riyas A. Vijayakumar S. Abdul Rahuman
Project Name	Estimate the Crop Yield using Data Analysis
Maximum Marks	4 Marks

Data Collection

Download a recent dataset

Analyze the given data

↓

Uploading to cloud

Upload data to IBM Cognos

Process data

Perform analysis for some useful information

↓

Data Visualization and Storage

Use various plots to represent data

Create a dashboard of all the plots
